DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

Claims 1, 4, 6, 7, 9, and 12 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Fuss'004 in view of Hamilton'882 as set forth in the previous Office Action.

Claims 3 and 10 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Fuss'004 in view of Gladsden et al'270 as set forth in the previous Office Action.

Claim 5 stands rejected under 35 U.S.C. 103(a) as being unpatentable over Fuss'004 in view of Aldridge'098 as set forth in the previous Office Action.

Response to Arguments

Applicant's arguments filed 7/2/2003 have been fully considered but they are not persuasive. Applicant argues that the telescoping members (18) and (24) of Fuss would not have required a thumb screw teaching of Hamilton for fixing the telescoping member in position since clamp 22 serves the same purpose as thumb-screw. Such argument is not understood since clamp 22 of Fuss does not serve to fix the telescoping member but rather for attachment to the limb or branch of the tree (col. 4, lines 1-2). Fuss does not discuss how the telescoping member are fixed in position but does disclose that the purpose for the telescoping member are for "adjustment in length of the ornament securing strut" (Col. 4, lines 36-39). Indeed, Fuss did not bother mentioning the means

of securing the telescoping member, and usually that means any known conventional means could be used such as a thumb screw lock as demonstrated by Hamilton.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
